

## Insanity questionnaire: The Ego's Thought System H-O # 2

Directions: Based on what you want, answer each statement either yes or no.

Statement	Yes	No
I want to be unhappy.		
I do not want to know the truth if the truth makes me happy.		
I prefer to believe a lie so that I can be unhappy.		
I would rather be "miserable but right" than be happy.		
I would give up my happiness just to pretend that I am right.		
I would give up my happiness to protect a lie.		
I would give up my happiness so that I could pretend that I live in a dream.		
I would give up my happiness so that I could be imperfect.		
I would give up my happiness so that I could be made not whole.		
I would give up my happiness so that I could be incomplete.		
I would give up my happiness so that I could be limited.		
I would give up my happiness so that I could be guilty.		
I would give up my happiness so that I could be fearful.		
I would give up my happiness so that I could be mortal.		
I would give up my happiness so that I could be a body.		
I would give up my happiness so that I could be in pain.		
I would give up my happiness so that I could be unhappy.		
I would give up my happiness so that I could have scarcity.		
I would give up my happiness so that I could be in conflict.		
I would give up my happiness so that I could be attacked.		
I would give up my happiness so that I could attack.		
I would give up my happiness so that I could be hurt.		
I would give up my happiness so that I could not love.		
I would give up my happiness so that I could sacrifice.		
I would give up my happiness so that I could pretend not to be a oneness.		
I would give up my happiness so that I could pretend to be special.		
I would give up my happiness so that I could pretend to be an individual.		
I would give up my happiness so that I could pretend to be self-created.		
I would give up my happiness so that I could pretend I am something I am not.		
I would rather be unhappy than know the truth that would allow me to be happy.		

**TO DETERMINE YOUR RESULT:** Add the total of "YES" answers.

Highest Possible Score: 30      Your total number of "YES" answers \_\_\_\_\_

**Final two questions:**

**Are you perfectly happy, whole and complete?**

**Would you rather be happy or "right"?**

**NOTE: Insanity is doing same thing over and over again and expecting a different result.**

**We need a new plan. We need to check our logic. There is never anything wrong with us. We just need to follow the correct plan.**
